NRDC joins WIPO Green as partner

VIS News Service

In order to promote environmentally friendly innovation and the diffusion of green technologies National Research Development Corporation (NRDC), has joined WIPO GREEN as a partner in the WIPO Green Technology database globally.

WIPO Green is the marketplace for sustainable technology administered by the World Intellectual Property Organization (WIPO) of the United Nation.

WIPO Green matches green technology providers

with technology seekers through its online database of green technologies (patents, products, know-how, etc.) listed by participating organizations, and promotes utilization of green technologies.

NRDC CMD **Commodore Amit Rastogi** (IN, Retd), said “We being the Leading Technology Transfer Organization look forward to have an active engagement with respect to WIPO Greens charter and contribute to bring Green Technologies, serving UN SDGs, to the fore.”
